FOOD-2-EAT

A Website for a
Restaurant in Makati

Presented by: Daiben Sanchez

TOPIC/CONCEPT

- Background of the business (if non-fictional)
- What does the business do?
- What services does the business offer?
- How does it conduct its business currently?
- (You don't have to incorporate all of this)

WHY THIS TOPIC/CONCEPT?

- Why did you choose this concept in particular?
- How would your website help the business?

WIREFRAMES/SITE MAP/ANYTHING USED FOR PLANNING (OPTIONAL)

TECHNOLOGIES USED

- HTML
- CSS
- JavaScript (if used)
- jQuery (if used)
- Bootstrap
- Git Bash
- Git Hub
- Git Hub Pages
- Website where you got the template (if template is used)
- Use logos

- Don't put screenshots of your finished website sa mismong slides
- Okay lang taglish or pure tagalog
- Punusan niyo webcam (or close cam)
- Practice your presentation
- Panel questions would mostly be on the design, but the defense itself would mostly be suggestions
  - Example questions:
    - Why did you choose this color?
    - Can you click on this? Can you go back to this page?
- Inform in advance if hindi makakaattend
